

HealthTrio *connect*[™]

Improve your health plan services while decreasing operational costs with **HealthTrio connect**,[™] an online connectivity solution that delivers targeted functionality to providers, members, employers and brokers. With HealthTrio's unique web-based infrastructure, users can quickly and easily access patient data – anytime, anywhere – to fulfill business demands.

Automated Transactions

Through **HealthTrio connect**, healthcare stakeholders can streamline administrative and financial processes based on user-selected business rules. Automated responses and secure communications reduce manual and duplicate processes, improving efficiencies and increasing revenue.

Data Access & Exchange

Online access to provider and formulary directories, secure communications and file transfers, benefit management tools and reporting functions increase productivity and satisfaction levels of healthcare stakeholders.

Exchange. Know. Act.

HealthTrio connect allows healthcare providers, members, employers and brokers to exchange health administrative data quickly, easily and securely through HealthTrio's intuitive portal interface. This data provides stakeholders with the information – the knowledge – needed for effective decision-making and optimization of business operations. Finally, the online tools enable users to take action and maximize the value delivered by the **HealthTrio connect** solution.
